S30852-H2835-B101 - Gigaset GO-Box 100 black

from **55,38 EUR**

Item no.: 335676
shipping weight: 0.30 kg
Manufacturer: Gigaset Communications

Product Description

Gigaset GO-Box 100 black

For the seamless transition from analog to IP-based telephony, the Gigaset GO-Box 100 base station has an analog landline connection as well as an additional LAN connection and a VoIP client for two parallel calls and six phone numbers. The Gigaset GO-Box 100 is the DECT base station for all GO telephones and is the interface for new communication options, especially for customers whose contracts are being converted to IP-based connections.

This device is intended and designed for the telephone connection in the German network; unrestricted operation outside of Germany cannot be guaranteed.
