Product Description

Deko is the easiest way to ensure a strong Wi-Fi signal in every corner of your home. Enjoy fast and secure tri-band Wi-Fi, no matter how many devices you have. Deco M9 Plus is much more than just a Wi-Fi system that can act as a hub for all your smart home devices. Works easily with a wide range of ZigBee, Bluetooth and Wi-Fi devices.

- Seamless coverage: Achieve seamless coverage throughout your home with a mesh Wi-Fi system and eliminate weak signal areas once and for all
- One unified network: Multiple units form a whole home network that automatically selects the best connection as you move around your home
- Wide coverage: Enjoy Wi-Fi coverage of up to 4,500 square feet with just 2 Deco M9 Plus units and expand it by simply adding more Decos
- Fast connections: Three separate Wi-Fi bands of up to 2134 Mbps with a dynamic backhaul of up to 1.5 Gbps provide stable high-speed connections wherever you are in your home
- Seamless management: Deco M9 Plus acts as a hub for your wireless and smart home devices
- Connect multiple devices: Deco handles traffic from even the busiest networks, providing lag-free connectivity for over 100 devices
- Complete security: HomeCareTM offers personalised features including parental controls, virus protection and Quality of Service (QoS)* to ensure a safer online experience
- Setup easier than ever: The Deco app guides you through setup step by step
