Product Description

The Gigabit Easy Smart PoE Switch TL-SG105MPE is an ideal upgrade from a bulky switch that provides 5x 10/100/1000 Mbps LAN, 4 ports of which support PoE function (802.3af/at, 30W/port) to mainly power cameras, WiFi APs, VoIP phones with a total PoE budget of 120W, low consumption and power supply via a DC port. It is designed for small business networks that require easy network management via a web interface or an application - Easy Smart Configuration Utility. In switch management, it offers QoS, IGMP snooping to optimise multicast transmissions, VLANs to separate networks, port mirroring, cable diagnostics and protection against loop formation - Loop Prevention.
