Product Description

Minew i3 - Robust Beacon with iBeacon and Eddystone

The robust i3 beacon is loaded with Bluetooth(R) 5.0 hardware platform based on nrf52 chip. It simultaneously supports iBeacon and Eddystone (UID, URL, TLM) protocols and can be configured via the BeaconSET+ app.

The robust i3 beacon is IP66 waterproof. It not only can be used for indoor, but also for outdoor locations. Besides that, it can be attached to objects by screw mounting, so it is stronger and safer than adhesives when installed in public places.

Specifications
