📄 Product Description

TL-WPA8630KIT Starter Kit - Powerline extender
The TL-WPA8630 KIT expands your homes Wi-Fi coverage into areas where the wireless signal from the main router is weak or nonexistent. The range extender kit can build a unified network using your homes existing powerlines and allow you to enjoy Wi-Fi coverage in any area with a power outlet.Fast Dual Band Wi-Fi Speeds – Up to 1350 Mbps
The TL-WPA8630 utilizes 802.11ac Wi-Fi to deliver dual band connections with combined speeds of up to 1350 Mbps, including 867 Mbps on the 5 GHz band and 450 Mbps on the 2.4 GHz band. The combination of impressive speed and convenient powerline networking allows you to provide fast, reliable connections throughout your entire home. This is perfect for 4K streaming and online gaming, on multiple devices at the same time.
