Item no.: 317145
shipping weight: 0.20 kg
Manufacturer: Triton

Product Description

Triton RAC-VP-X12-X1 - Special cable management panel

This special cable management panel is intended for an installation on the cabinets vertical rails. It can also be mounted on the vertical perforation in the rear section of wall-mounted cabinets.

Cable management rings (RAB-MS-X21-X1) can be installed on the management panel for a better organisation of cables. They are not included in the supply.

The panel is simply to be hooked into the vertical rail. A contra directional safety pin protects against an undesirable release.

- Width 170 mm; height 150 mm
