

Item no.: RTIK7115

RTIK7115 - StationBox S 711-5HnD for airMAX antennas

54,80 EUR

Item no.: RTIK7115
shipping weight: 0.40 kg
Manufacturer: RF Elements

Product Description

StationBox S 711-5HnD

StationBox S turns a RouterBoard RB711 or RB411 into a flexible compact outdoor radio unit. You can mount it on the antenna or on a compatible holder for an easy installation.

S like Speed: 2x2 MiMo Technology

StationBox S is ready for 2x2 MiMo in both 2.4 and 5 GHz. The design is unique, distinctive, yet fully functional, incl. visible LEDs. The enclosure is weather resistant, made of UV protected ABS plastic.

S like Snap It!

StationBox S is compatible with RF elements MiMo sector antennas. It can be attached to new MiMo sector antennas from RF elements, as well as most popular antennas on the market. For an installation on a wall or pole, we recommend EasyBracket S. Fits also on ROCKET antennas.

Designed for Performance and Versatility

StationBox S will serve any task you will require: base station sector solution, point-to-point applications, indoor or outdoor HotSpot solution. We offer a wide range of accessories that help you explore new opportunities with StationBox S.

Technical data - enclosure

- Weight: 0.33 kg single piece incl. package
- Material: ABS plastic (UV stabilized & weather resistant)
- Dimensions: 210 x 55 x 140 mm

Technical data - RB 711-5HnD

- CPU: Atheros AR7241 400 MHz
- RAM: 32 MB DDR SDRAM
- Data storage: 64 MB NAND onboard
- Ethernet port: Yes
- Gigabit port: -
- Wireless: AR9283 802.11a/n
- Wireless chains: 2
- Supported frequency: 4800 - 6075 MHz
- ESD protection: 16 kV on both RF/Ethernet ports
- LEDs visible outside: Yes
- PoE: Yes
- Power jack: No
- Power consumption: Up to 4.5 W at 18 V
- USB: -
- TX power: Up to 25 dBm
- Operating system: MikroTik RouterOS
- License: Level 3 (CPE)
- RF connectors: SMA-RP female
