shipping weight: 0.20 kg
Manufacturer: MikroTik

Product Description

Mikrotik QMP-LHG - quickMOUNT PRO for LHG antennas The quickMOUNT pro is an advanced wall or pole mount adapter for small point-to-point and sector antennas. The quickMOUNT pro gives you the possibility to turn the antenna within 140° both in horizontal and vertical plane. With the quickMOUNT pro, it is possible to perfectly set the antenna alignment using the integrated graduated scale.

- Its simple and low cost
- Adjustable horizontally and vertically
- Wall or pole mountable
- Two models available, one for SXT, OmniTIK, BaseBox or any other pole mountable device via the included adapter. A special model is also available for LHG

The quickMOUNT is very durable due to its special plastic composite material - anviiNITE(TM).
