Product Description

MikroTik RouterBOARD R2SHPn

The new 2.4 GHz super high-power wireless card for long range links and powerful access points. This is the professional choice for reaching the last mile - 1600 mW transmit power will give you the ability to reach even further than before. Up to 125 Mbit throughput is possible with this device! Works in the 2.4 GHz frequency (2192-2732 MHz depending on country regulations).

The card features built-in LED indicators for wireless mode, connection status (connected, searching, disabled), TX and RX activity and wireless signal strength - just looking at the card will help with installation and alignment.

The card comes with a preinstalled industrial grade heatsink, one MMCX connector and nine LED indicator lights.

- Product code: R2SHPn
- 802.11a: No
- Max. power consumption: 10 W
- 802.11b: Yes
- 802.11g: Yes
- 802.11n: Yes
- Connector: MMCX
- Format: miniPCI
- Chipset: AR9223
- Output power: 32 dBm
- Bands: 2192-2734 Mhz
- 2 GHz: Yes
- 5 GHz: No
- Operating temperature: -30°C to +65°C (operating), -5°C to +65°C (starting)
