Product Description

MikroTik RB750UPR2 - hEX PoE lite

The hEX PoE lite is a small five-port Ethernet router in a plastic case. It has a USB 2.0 port and PoE output. The ports 2-5 can power other PoE capable devices with the same voltage as applied to the unit. Less power adapters and cables to worry about! The maximum current is 1 A per port, the Ethernet ports are shielded.

It is affordable, small and easy to use. With its compact design and clean look, it will fit perfectly into any SOHO environment.
