Item no.: 322707
SBC-POE-POWER - Isolated PoE Splitter

from **11,58 EUR**

Item no.: 322707
shipping weight: 0.10 kg
Manufacturer: JOY-iT

📄 Product Description

JOY-iT(R) SBC-PoE-Power - Isolated PoE SplitterWith this adapter, you can power your Raspberry Pi and other single-board computers that are powered by a microUSB port via PoE LAN. The adapter is connected directly to a PoE-enabled router/switch or PoE injector with a POE LAN cable (cable length up to 100 m). This allows you to use the Raspberry very flexibly while a power outlet or power supply is not needed.

- Connectors: 1x Micro-USB power plug + 1x RJ45 output port
- Input Voltage: 36 - 57 V (standard PoE voltage 48 V, 52 V)
- Output Voltage: DC 5 V
- Output Current: 2 A
- Transmission Distance: 10 m - 100 m
- PoE Protocol: IEEE802.3af
- Network Bandwidth: 10/100 Mbps
- Weight: 40 g
- Product Dimension: 82 x 28 x 23 mm
- Cable Length: 205 mm
- Operation Temperature: -50 °C up to +75 °C
