Product Description

DST Revolving Pull Handles 0,8 - 1,0 mm, Dirak

This revolving pull handle with DIRAK-SNAP-Technology is suitable for the computer industry, 19" technology, insertions and equipments and other applications

- Designed for vertical or horizontal uses.
- The corrugation shows the fitting position.
- By slightly pressing the corrugation at the end of the handle, the handle rotates out of the housing and can be pivoted to the end position.
- By slightly pressing it the swung handle falls back. For flush closing the handle end must be pushed into the housing.
- Installation by a simple push into appropriate cutout.
- Handle and dish: PA, black
- Pin: Steel, zinc plated
- Snap wedges: Sintered steel
- Clamping range (S): 0.8 - 1.5 mm
