📄 Product Description

Aeotec Water Sensor Dock
The installation of the dock offers several advantages to you.Firstly you have got the opportunity to monitor two different areas in a distance of 1m from the water sensor. Connect the two spot sensors to the dock and then you can monitor separate areas. So you enlarge also the level of security.Secondly you can use the dock as loading station of the water sensor to power it with mains electricity. Connect the provided USB cable to the dock and the Water Sensor 6 does not longer need the batteries.
Features:

- Docking station of Water Sensor 6
- Extends the range about 1m away from the Water Sensor 6
- Two separate areas can controlled by two spot sensors
- Loading with USB cable
