Product Description

FIBARO Heat Controller Thermostat Head

FIBARO Radiator Thermostat (Z-Wave) is a remotely controlled thermostatic head to control temperature in your room. It measures the temperature and automatically adjusts the heat level. It can be mounted without tools on three types of thermostatic radiator valves. You can create schedules via app to easily manage temperature throughout the week.

Features:

- Screwable heating thermostat
- Power supply: 3.7V Li-Poly battery pack (non-replaceable), chargeable via Micro-USB cable (not in the delivery scope)
- Dimensions (Diameter x Depth): 56 x 74 mm (without the adapter), 56 x 87 mm (with the adapter)
- Wireless technology: Z-Wave Plus
