shipping weight: 0.10 kg
Manufacturer: ALFA Network

Product Description

AWPCIE-1900U - 802.11ac AC1900 USB mini PCIe adapter

AWPCIE-1900U is an 802.11ac AC1900 USB to Mini PCIe adapter which uses the most common and high performance 4x3 Realtek RTL8814AU chipset. It supports diverse platforms like Windows, Mac OSX and Linux and is suitable for all kinds of embedded applications such as POS, Medical Machine, IoT.. etc.

- Chipset: RTL8814AU
- Standard: 802.11a/ac/b/g/n
- Frequency :2.412 - 2.472 GHz; 5.150 - 5.825 GHz
- Host interface: PCI-Express 1.1 standard
- Operating voltage: 3.3 V DC
- Power consumption: Typical: 1 A (at) 3.3 V
- Antenna connector: 4x U.FL connector
- Data rate: 600 Mbps (at) 2.4 GHz; 1300 Mbps (at) 5 GHz
- Environment temperature: Operating: -20°C to +55°C; Storage: -40°C to + 80°C
- Environment humidity: Operating: 10% to 90%; Storage: 5% to 95%
