Product Description

Gigaset E630A GO black

The Gigaset E630A GO was developed for challenging everyday situations – the sort you come across time after time, e.g. working in a craft workshop or with small children. Waterproof, dust-resistant and especially shockproof – this robust telephone can take a lot of hits. And it is functional to the core: thanks to the vibrating alarm and the additional optical call signal, you won't miss a single call, even in a noisy environment.
