Product Description

Gigaset E390 silver-black

Phones that adapt to your life. With this holistic approach, Gigaset developed the Gigaset life series. They take into account that the individual senses change in the course of life, which demands high standards of a telephone. The Gigaset E390 offers everything for a big plus in comfort and security in every phase of your life. For example, different audio profiles and the right volume for each ear, large, illuminated buttons, a display optimized for readability and intuitive menu navigation for easy operation, a direct call function and an emergency call button.
