Product Description

Delock SATA 6 Gb/s Cable 100 cm red FLEXI

The Delock SATA FLEXI cables were specifically designed to be used in tight spaces in chassis. They are ultra-flexible and can be bent or kinked as required, even knots are possible. Another advantage is the extreme durability that prevents breakage or material weakness of the cables.

By using the SATA FLEXI cables, angled connectors are no longer necessary; the connectors can be easily bent in every desired direction. The short connectors provide more flexibility in tight spaces and are practical to use, and the metal clips ensure that the cables reliably click into place. The cables support data transfer rates of up to 6 Gb/s and are downwards compatible to previous SATA versions.

- Connectors: 1 x SATA 6 Gb/s 7 pin receptacle straight > 1 x SATA 6 Gb/s 7 pin receptacle straight
- With metal clips
- Data transfer rate up to: 6 Gb/s
- Downwards compatible to: SATA 1.5 Gb/s and 3 Gb/s
- Cable gauge: 28 AWG
- Colour: red
- Length incl. connectors: ca. 100 cm
- System requirements: a free SATA port
- Package content: SATA cable
- Package: Zip poly bag
