## LiteWave 5-Port 10/100M Desktop Switch

**from 10,02 EUR**Item no.: 356374  
shipping weight: 0.20 kg  
Manufacturer: TP-LINK

### Product Description

The TP-Link 5-Port 10/100Mbps Desktop Switch from the new TP-Link LiteWave series offers an easy way to expand your network. The plug-and-play design makes the product easy to use. No configuration is required. In addition, Auto MDI / MDIX eliminates the need for crossover cables.

This LiteWave series features the latest innovative energy-efficient technologies that allow you to significantly expand your network capacity. You now have the option to go green when upgrading to a Gigabit network. It automatically adjusts power consumption based on link status and cable length to limit your network's carbon footprint. Not only will energy consumption be reduced, but so will your costs.

- 5 x 10/100Mbps auto-negotiation RJ45 ports supports Auto-MDI/MDIX
- Green Ethernet technology reduces energy consumption after use
- IEEE 802.3x for reliable data flow control
- Plastic housing and compact desktop design
- Plug and play, no configuration necessary
- Silent operation thanks to fanless design

#### HARDWARE FUNCTIONS

- Standards and protocols IEEE 802.3i/802.3u/802.3x
- Interface 5x 10/100Mbps, auto-negotiation, auto MDI/MDIX ports
- Number of fans Fanless
- External power supply External power supply unit (output: 5 VDC/0.6 A)
- Dimensions (W\*D\*H) 83.6 x 45.7 x 22.8 mm (3.3 x 1.8 x 0.9 in.)
- Maximum power consumption 1.65 W
- Maximum heat output 5.627 BTU/h

#### SOFTWARE FEATURES

- Advanced features Green Technology
- 802.3X flow control
- Back pressure
- Transfer method Save and forward

#### OTHER

- Certification CE, FCC, RoHS
- Package contents 5-port 10/100 Mbps desktop switch power supply unit
- Installation guide
- Operating temperature: 0°C~40°C (32°F~104°F)
- Storage temperature: -40°C~70°C (-40°F~158°F)
- Operating humidity: 10% ~ 90% non-condensing
- Storage humidity: 5% ~ 90% non-condensing
