📄 Product Description

SHUTTLE COM/LPT/RJ11 Port POS01
The Shuttle accessory POS01 is compatible with the Shuttle XPC X50 series (V4~V7) and P90Ux. It will add four serial (COM), one parallel (LPT) port and one RJ11 port for a cash drawer to the back panel of the PC.
External ports

- 2x Serial port RS232 (Sub-D, 9 pins, male)
- 2x Serial port RS232 (RJ45 connector)
- 1x Parallel port (Sub-D, 25 pins, female)
- 1x Digital I/O for cash drawer (DIO, RJ11 connector, 12 V or 24 V)

Serial port as voltage source

- Both serial ports with D-Sub connector can provide an auxiliary voltage supply of either 5 V or 12 V

Scope of delivery

- Printed Circuit Board (PCB)
- 4 screws
- Power connector cable (4 pin)
- Ribbon cable
- Type label sticker (Rating label)
- Multi-language quick installation guide (EN, DE, FR)

Compatible with the following Shuttle XPC all-in-one products:

- with 15.6" display: X50V4, X50V5(U3), X50V6(U3), X50V7(U3)
- with 19.5" display: P90U, P90U3, P90U5
