6,06 EUR

Item no.: 341284
shipping weight: 0.10 kg
Manufacturer: Delock

📄 Product Description

Delock RJ45 Port Doubler 1 x RJ45 plug > 2 x RJ45 jack (2 x ISDN)
This Y-adapter by Delock enables you to double a fixed installed network connection. Thus you can use one single cable for two simultaneous ISDN connections.
This application requires two adapters, which need to be connected with each cable side to the networking socket or patch panel. Hence you get two female ports instead of only one.
Note: The adapter can not be used alone; a second adapter or a corresponding patch panel with 2 ports is always necessary.

- Connectors: 1 x RJ45 plug > 2 x RJ45 jack
- Anodized plastic case
- Cable length ca. 15 cm

Pin layout:

- Plug: 1 2 3 6 4 5 7 8
- Socket 1: 5 4 - 3 6 ISDN
- Socket 2: - 3 6 4 5 - ISDN

System requirements

- A 8 pin Cat.5 cable with RJ45 female ports on both sides (structured cabling, wall socket or patch panel)
- A second port doubler
