from **20,63 EUR**

Item no.: 344510  
shipping weight: 0.30 kg  
Manufacturer: Delock

### Product Description

Universal crimping tool with stripper for 8P, 6P or 4P plugs

With this tool by Delock, a network cable can be quickly and easily connected to a connector.

The multi-function pliers are suitable for crimping, stripping and cutting 8P (RJ45), 6P (RJ12 / 11) or 4P plugs. Three integrated blades ensure problem-free stripping of the cable or cutting off the strands. In addition, round cables up to 5.5 mm in diameter and flat cables up to 12.7 mm wide can either be stripped or completely cut.

The pliers have a locking mechanism, which should prevent unintentional closing or opening. Three clearly audible locking points indicate this mechanism. After the third, the pliers open again when the handles are squeezed together. It can also be opened with the help of the screw attached to the handle.

- Metal pliers with plastic handles and locks
- Integrated pliers and wire stripper
- Connectors suitable for crimping: e.g. B. RJ45, RJ12, RJ11
- Color: yellow / black
- Weight: approx. 312 g
- Dimensions (LxWxH): approx. 18.8 x 7.7 x 2.0 cm
