Item no.: 345785
# DFR0327 - Arduino Shield for Raspberry Pi

from **31,56 EUR**

Item no.: 345785
shipping weight: 0.10 kg
Manufacturer: DFRobot

📄 Product Description

DFRobot Arduino Shield for Raspberry Pi
This shield board from DFRobot is designed to combine your Raspberry Pi computer board with an Arduino board.

- Microcontroller: ATmega32u4
- Arduino Leonardo Chip
- Arduino compatible pin mapping
- Compatible with all Arduino standard shield and sensors
- Arduino digital I/O: 20
- Arduino analog I/O: 6
- Raspberry Pi B+ connectors: 16x GPIO, 1x I2C, 1x ID_I2C, 1x SPI, 1x TTL UART
- Voltage: 5 V
- Dimensions: 86 x 61 x 26 mm (3.46" x 2.20" x 1.02")
