Product Description

KINGSTON Solid State Disk 256GB SSD KC600 SATA3 6.35cm 2.5inch

Kingston KC600 is a large-capacity SSD that features outstanding performance and is optimised for extremely fast system boot, load and transfer times. It is available in both 2.5-inch and mSATA form factors using the SATA Rev. 3.0 interface with backward compatibility. The KC600 uses state-of-the-art 3D TLC NAND technology and supports all major security features, including AES 256-bit hardware encryption, TCG Opal 2.0 and eDrive. It offers read/write speeds up to 550/520MB/s for efficient data storage up to 2TB. It is available in a bundle kit that provides everything you need for a straightforward desktop and notebook installation or upgrade.
