Manufacturer: 2J

Product Description

5GNR MIMO/Wi-Fi 6E MIMO + GNSS 5-in-1 Antenna "Medusa", 3 m, Magnetic

This is an ultra-wideband external 5-in-1 antenna combining 5 ideal technologies into one antenna. The antenna offers 5 high-performance antennas that support 5GNR, 4G LTE, FirstNet, CBRS, LPWA, CAT-X, CAT-Mx, CAT-NBx, NB-IoT, 3G, 2G, WiFi, WiFi-6E, BT, ZigBee, ISM, GPS, QZSS, Galileo and GLONASS standards making it the most reliable and versatile antenna on the market.

- Technology/antenna frequency: 617-960/1427-2690/3300-5000/5150-5925 MHz, WiFi 6000, GLONASS, GPS 1575.42, WiFi 5000, WiFi/Bluetooth 2400
- Antenna location: Outdoor, external
- Mounting method: Magnetic
- Connector type: SMA-M, RPSMA-M
- Impedance: 50 Ohm
- Cable length: 300 cm
- Cable specification: LL195, LL100
- Polarization: Linear, RHCP (GPS)
- Radiation pattern: Omnidirectional
- IP class: IP67, IP69
- Operating temperature range: -40°C – 85°C
- Height: 102 mm
- Diameter: 96 mm
