Product Description

12-pin power cable for cigarette lighter socket

Power cable with a cigarette lighter plug to connect FMB1YX / FMC1YX / FMM1YX / FMU1YX series devices. Teltonika created this accessory for an easy and fast mounting of their advanced trackers that come with a wide range of features and application scenarios. Simple installation means saving costs and time allowing you to use your resources more efficiently.

The cable is 150 cm-long providing sufficient length to place the trackers conveniently in a vehicle. Besides, this cable is a perfect choice when tracking devices are needed for temporary use only, e.g., short-term projects, seasonal works and similar cases. Trackers used in the fleet can be instantly switched or disconnected depending on the changing needs.

- Cigarette lighter plug with a soldered of FMB1YX / FMC1YX / FMM1YX / FMU1YX series device cable
