Product Description

TRUPHONE Plastic SIM card, 500 MB, 5 years

This SIM card was specifically designed for IoT and M2M applications and comes with a data volume of 500 MB, which is valid for 5 years (supported in 110 countries).

Teltonika Telematics devices considerably reduce roaming costs as they are working with up to 3 operators in some countries. The price of Connectivity and SIM cards is fixed for the whole contract period you choose with no additional fees for roaming on top. The easy-to-use platform allows you to monitor, control, and analyze your SIM cards and data usage. In cases devices use more data than covered in the prepaid bundle plan, there is a top-up option that allows you to renew your plan under the same conditions.

- Global TELTONIKA plastic SIM card
- Plan: Teltonika Global Plan 500 MB, 5 years - 134 countries coverage of 2G/3G/4G and 40 countries of CAT M1 in (European, African, American, Asian, Oceanian continents)
