

Item no.: 354261

## Patch cable fibre optic duplex OM4 (multimode, 50/125) LC/ST, LSZH, 0.5m

from **7,38 EUR**

Item no.: 354261  
shipping weight: 0.10 kg  
Manufacturer: VARIA Group

### Product Description

Fibre optic patch cables enable different network components to be connected to each other and ensure loss-free data transmission. Different quality classes (OMx/OSx) facilitate the qualitative and functional differentiation of a fibre optic patch cable.

The use of high-quality materials and modern production facilities as well as continuous quality controls during the production process ensure loss-free signal transmission and consistently high quality. Each individual patch cable undergoes testing after assembly. After successful measurement, an individual measurement/test protocol is enclosed with each patch cable.

- Fibre optic (FO) duplex patch cable
- Connection 1: LC (UPC)
- Connection 2: ST (UPC)
- Incl. dust protection caps
- Exchangeable polarity / coding (except ST connector)
- Attached bend protection sleeve
- Fibre grade: OM4
- Fibre type: Multimode 50/125µ
- Cable construction: Duplex
- Cable diameter: 3.0 mm
- Jacket material: Halogen free (LSZH)
- Min. bending radius: 7.5 mm
- Working temperature: -40 to +85 °C
- Quality: Each cable comes with its own measurement/test report
- Colour: Purple (OM4)
- Length: 0.5 m

#### Properties

- Fibre optic cable connection 1: LC
- Fibre optic cable type: Duplex
- Fibre optic cable type: Standard
- Fibre optic cable connection 2: ST
- Fibre optic cable category: OM4
- Fibre optic cable length: 50 cm
