Product Description

This durable hook and loop tape set consists of a roll of adhesive tape and a roll of fleece tape. It can be used for various applications, such as sewing on, attaching objects or for various craft projects. Thanks to the hard-wearing material, the strong Velcro tape has a high closing force and ensures maximum hold. The adhesive tape and the fleece tape have an adhesive coating on the back and are covered with a special transparent paper. The paper is removed and the Velcro tape is applied to a dry surface and pressed on firmly. In addition, the length can be shortened individually.
