from **8,21 EUR**

Item no.: 357287
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This heat shrink tubing by Delock is used to protect and insulate cables, electrical lines or wires. When exposed to heat, the tubing completely encloses the cable and contracts. This protects the cable from the effects of the weather and mechanical damage. The adhesive on the inner wall bonds the heat-shrink tubing to the shrink-wrapped wire or cable. Practical dispenser box The handy dispenser box is ideal for transport and enables clear and tidy storage. The heat-shrink tubing thus remains free of dirt and dust. It is also easy to unroll and cut to length as required. Versatile The heat shrink tubing can be used in a workshop or in industry, for example. Technical data- Length: approx. 5 m- Diameter: approx. 7.9 mm- Shrink ratio 3:1- Shrink temperature: 70 °C ~ 125 °C- Material: polyolefin- Colour: black- Package contents- Heat-shrink tubing box
