

Item no.: 357296

Heat shrink tubing 1 m x 12 mm shrinkage ratio 4:1 black

from **5,74 EUR**

Item no.: 357296
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This heat shrink tubing from Delock is used to protect and insulate cables, electrical lines or wires. When exposed to heat, the tubing completely encloses the cable and contracts. This protects the cable from the weather and mechanical damage.

The hose shrinks to a quarter of its original diameter when heated. A heat gun is the ideal way to shrink the tubing.

The shrink hose can be used in a workshop or in industry, for example.

- Length: approx. 1 m
- Diameter: approx. 12 mm
- Shrinkage rate 4:1
- Shrink temperature: 70 °C ~ 125 °C
- Material: polyolefin
- Colour: black
