## Heat shrink tubing assortment box red / black 520 pieces

from **23,73 EUR**

Item no.: 357308  
shipping weight: 0.80 kg  
Manufacturer: Delock

### Product Description

This high-quality heat shrink tubing set from Delock is used to protect and insulate cables, electrical lines or wires. When exposed to heat, the tubing completely encloses the cable and contracts. This protects the cable from the weather and mechanical damage.

This set includes tubing with four different diameters, two different lengths, two different colours and two different shrink rates for versatile use.

The handy box is ideal for protecting the shrink tubing, keeping it free from dirt and dust. The box can also be reused for storing various tool accessories, e.g. screws, nuts, etc. The shrink tubing can be stored in the box in two different colours.

The shrink tubing can be used e.g. in a workshop, in the home or in industry.

The heat shrink tubing can be heated with a heat gun, thereby shrinking the tubing to half its original diameter when heated at a shrink ratio of 2:1 and to a quarter of its original diameter when heated at a shrink ratio of 4:1.

- Contents: Shrinkage ratio 2:1: 100 x diameter 3.0 mm red, length: approx. 50 mm; 100 x diameter 3.0 mm black, length: approx. 50 mm; 50 x diameter 6.0 mm red, length: approx. 50 mm; 50 x diameter 6.0 mm black, length: approx. 50 mm; 60 x diameter 13.0 mm red, length: approx. 50 mm; 60 x diameter 13.0 mm black, length: approx. 50 mm; 30 x diameter 25.0 mm red, length: approx. 50 mm; 30 x diameter 25.0 mm black, length: approx. 50 mm; Shrinkage ratio 4:1: 20 x diameter 25.0 mm red, length: approx. 100 mm
- Shrink temperature: 70 °C ~ 125 °C
- Material: polyethylene
- Dimensions assortment box (LxWxH): approx. 300 x 200 x 63 mm
