

Item no.: 358005

Motion detector (Zigbee)

from **28,04 EUR**

Item no.: 358005
shipping weight: 0.50 kg
Manufacturer: frient

Product Description

Motion sensor. At home, even when you are away. Imagine always having a friend (frient) who registers movements in your home and watches over your family. Someone to let you know if anyone moves around your home while you are away. Someone to keep your home safe and let you know if your loved ones need help.

Detect movement in every corner of your home. Your new smart frient watches your home from different angles and makes sure that even the furthest corner is safe. From its elevated position, your motion sensor can give you an overview of the entire room as well as keep an eye on doors and windows. Mounting the Zigbee-based motion sensor is a breeze with the included adhesive tape.

- Power supply: Battery 2 x AA, replaceable
- Battery life: 3 years, reporting every 2 minutes
- Battery level and low battery warning can be sent
- Radio sensitivity: -92 dBm
- Output power: +3 dBm
