Pro 1 - Multiple switch

from **60,81 EUR**

Item no.: 357944
shipping weight: 0.50 kg
Manufacturer: Shelly

Product Description

The Shelly Pro 1 is a DIN rail mountable multiple switch. It can be used with Wi-Fi, LAN and Bluetooth connectivity. The relay is mounted on a DIN rail in your control box. The Shelly Pro 1 offers advanced security features and is compatible with most popular home automation platforms.

Shelly Pro 1 is suitable for controlling and measuring the consumption of lighting, appliances, pool systems, heating and much more. The relay is equipped with temperature, overload and overvoltage protection to enable complete smart automation without additional cables or wiring. Shelly Pro 1 is perfect for homes, offices, shops, businesses and manufacturing facilities, as well as new construction.

Use your favourite voice assistant to control the Shelly Pro 1. Shelly Pro 1 is compatible with most popular voice assistants such as Amazon Alexa.

You can control the Shelly Pro 1 directly via the Shelly Cloud App - without an additional hub. Manage and control your home or facility, set scenes and schedules, and adjust settings wherever you are - via cloud access or just the local network!
