Plus Plug S WLAN adapter plug

from **29,78 EUR**

Item no.: 357939
shipping weight: 0.50 kg
Manufacturer: Shelly

Product Description

The Shelly Plus Plug S is a small but powerful Wi-Fi smart plug with Bluetooth connectivity and power consumption metering that controls your lighting, heating or other connected household appliances up to 2500W. The LED display of the Shelly Plus Plug S can be freely adjusted to your preferences, so the plug can even be used as a pleasantly cosy night light.
