## 📄 Product Description

The industrial PCs from faytech can be perfectly combined with any of the faytech touch monitors. Whether with the Open Frame, kiosks or standard touch monitors, the reliable industrial PC is ideally suited!

This small industrial PC is driven by the Kaby Lake U mainboard. The powerful Intel® Core™ i5-7300U with up to 2.60 GHz powers it. The device is equipped with 8GB RAM, 128G SSD and Intel's HD graphics chipset and supports Full HD, DirectX 11.1 and OpenGL 4.0.

These faytech PCs are the perfect choice for a variety of applications including point-of-sale systems, industrial control panels, kiosk systems, office/residential automation, digital signage and in areas such as shopping malls, classrooms, hotels and many more.
