

Item no.: 361582

Delock bracket USB 3.0 pin header 19 pin 2 x internal >4 x USB 3.0-A socket external

from **20,72 EUR**

Item no.: 361582
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

You can install this bracket from Delock in a standard PC slot and expand your system with four external USB 3.0-A ports. This allows you to connect various USB 3.0 devices, such as external enclosures, card readers, memory, etc. Since the USB 3.0-A interface is compatible with its predecessors USB 2.0 and USB 1.1, you can continue to use your existing USB devices.

Notice:

To operate four devices simultaneously, each requiring over 900 mA, an additional power supply unit is required for the connected devices.

Technical data

- Connections: internal 2 x 19 pin USB 3.0 pin header socket, external 4x USB 3.0-A socket
- Wire cross-section: 28 AWG
