Aeotec Recessed Door Sensor 7

from **39,20 EUR**

Item no.: 357929
shipping weight: 0.50 kg
Manufacturer: Aeotec

Product Description

The Aeotec Recessed Door Sensor 7 is a hidden door sensor that you can install directly in your door frame.

Invisible installation. Installing the Aeotec Recessed Door Sensor 7 is child's play. Pairing it with a Z-Wave smart home system requires nothing more than activating the battery and scanning the QR code. Making the door sensor invisible requires little more than a hidden drill hole in the door frame (jamb).

Perfectly upgraded with Aeotec's Gen7 technology. The Aeotec Recessed Door Sensor 7 features Z-Wave Plus V2, S2 Wireless Security and SmartStart installation.

Up to 2 years battery life. With its all-new technology, the Aeotec Recessed Door Sensor 7 now lasts twice as long as older models. Battery replacement is done by removing the Recessed Door Sensor 7 from the door frame. Then the battery is replaced and the sensor is simply reinserted into the door frame.

Monitor when a door is opened or closed. Trigger smart automations or routines when your door is opened or closed.

Compatible with Z-Wave systems. The Aeotec Recessed Door Sensor 7 is compatible with Z-Wave and Z-Wave Plus gateways.

Wireless communication. You can rely on the Aeotec Recessed Door Sensor 7. By using Aeotec's Gen7 technology, the hidden door sensor can achieve a higher wireless range than previous models.
