

Item no.: 361074

## Fibre optic cleaning pin for connectors with 2.50 mm sleeve

from **43,75 EUR**

Item no.: 361074  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

This cleaning pen from Delock is suitable for quick and thorough cleaning of fibre optic connectors (SC, FC and ST) to remove dirt particles such as dust in the sleeves of the connectors.

The fibre optic connector is simply placed on the cleaning handle and pressed down. In the process, a cleaning belt cleans the fibre end surfaces with one rotation. An audible click when the connector engages confirms the end of the cleaning process. A viewing window in the cleaner allows you to keep track of the available tape stock. Up to 800 cleanings are possible.

#### Specification

- For connectors: SC, FC and ST
- For up to 800 cleanings
- Material: plastic
- Colour: white
- Dimensions (LxWxH): approx. 185 x 17 x 17 mm
