

Item no.: 367176

Cable gland PG11 with strain relief and bending protection black

from **4,04 EUR**

Item no.: 367176
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This cable gland from Delock provides a watertight seal to the enclosure for the feed-through of cables and electrical wires.

The screw-on strain relief fixes the cable and protects them from excessive bending, e.g. in machinery installations. The cable remains in its original position even during vibrations and cannot fall out.

The cable gland also offers increased protection against dirt and moisture.

The robust design is ideal in the field of automation, in the robotics industry and for machine installations.

Specification:

- Thread size: PG11
- Thread length: 8 mm
- Width across flats: 22 mm
- Protection class: IP68
- Cable diameter:
 - min.: 5 mm
 - max.: 10 mm
- Operating temperature: -40 °C ~ 100 °C
- Material: plastic / metal
- Colour: black RAL9005
