

Item no.: 315485

TS8GSDHC10 - memory card, 8GB, SDHC

12,19 EUR

Item no.: 315485
shipping weight: 0.10 kg
Manufacturer: Transcend

Product Description

8 GB Transcend SD Card TS8GSDHC10

Transcend's industrial use SDHC Class 10 memory cards comprise of high-quality MLC NAND Flash chips to guarantee fast read/write speeds and long-term reliability. In addition to outstanding performance, the industrial use SDHC Class 10 memory cards space saving dimensions and excellent compatibility make them ideal for embedded computing, in-vehicle drive recorders, portable navigation systems, and other compact industrial applications.

Specifications

- RoHS compliant product.
- Compatible with SD Specification Ver. 3.0
- Mechanical Write Protection Switch
- Supports Copy Protection for Recorded Media (CPRM) for SD-Audio
- Supports Speed Class Specification Class 10
- Interface (connector): SD flash card connector
- Form factor: SDHC flash card
- Flash type: MLC
- Capacity: 8 GB
- Max. R/W performance (vary by density): Read: 20 MB/s, write: 16 MB/s
- Op. voltage: 2.7 ~ 3.6 V
- Power consumption: 0.72 W
- Op. temp.: - 25°C ~ 85°C
- Storage temp.: - 40°C ~ 85°C
- Humidity: 0 % ~ 95 %
- Shock: 600 G
- Vibration: 20 G (Peak-to-Peak), 20 Hz to 2000 Hz (Frequency)
- Dimensions: 24 x 32 x 2.1 mm
- MTBF: 1,000,000 hours
