shipping weight: 0.20 kg
Manufacturer: ALFA Network

Product Description

ALFA Network, APoE48V-1G 05, 48V Passive PoE Adapter with EU Plug

APOE48V-1G is a 48 V Gigabit PoE adapter. It suitable for 48 V non-standard and standard PoE devices such as outdoor APs, indoor APs, IP cameras, VoIP phones, etc.

- Model: APoE48V-1G
- Output voltage: 48 V
- Output current: 500 mA
- Input voltage: 90~264 V ac maximum
- Input frequency: 47~63 Hz
- Input current: 0.55 A maximum
- Inrush current: 30 A maximum
- Ripple: 480 mV maximum
- Hold-up time: 10 ms
- Over current protection: Auto recovery
- MTBF: 50,000H (at 25°C)
- Short-circuit protection: Auto recovery
- Operating temperature: 0°C ~40°C
- Storage temperature: -20°C ~+85°C
- Relative humidity: 5 - 90 %
- Safety: CE / FCC / UL / GS
