

Item no.: 320294

TS16GSDHC10 - memory card, 16GB, SDHC

from **14,18 EUR**

Item no.: 320294
shipping weight: 0.10 kg
Manufacturer: Transcend

Product Description

16 GB Transcend SD Card TS16GSDHC10

Transcend's Industrial use SDHC Class 10 memory cards comprise of high-quality MLC NAND Flash chips to guarantee fast read/write speeds and long-term reliability. In addition to outstanding performance, the industrial use SDHC Class 10 memory cards' space saving dimensions and excellent compatibility make them ideal for embedded computing, in-vehicle drive recorders, portable navigation systems, and other compact industrial applications.

- RoHS compliant product.
- Compatible with SD Specification Ver. 3.0
- Mechanical Write Protection Switch
- Supports Copy Protection for Recorded Media (CPRM) for SD-Audio
- Supports Speed Class Specification Class 10
- Interface: SD flash card connector
- Form Factor: SDHC flash card
- Flash Type: MLC
- Capacity: 16 GB
- Max. R/W Performance (Vary by density): Read: 20 MB/s, Write: 16 MB/s
- Op. Voltage: 2.7 V ~ 3.6 V
- Power Consumption: 0.72 W
- Op. Temperature : -25 °C ~ 85 °C
- Storage Temperature: -40 °C ~ 85 °C
- Humidity: 0 % ~ 95 %
- Shock: 600 G
- Vibration: 20 G (Peak-to-Peak), 20 Hz to 2000 Hz
- Dimensions: 24 mm x 32 mm x 2.1 mm
- MTBF: 1,000,000 hours
