Product Description

Eurotronic Design Panel for EUROtronic Spirit (3er)

The new thermostat by EUROtronic has a completely new design. You can change the panels (available as an accessories) and customize the thermostat to your own individual set-up liking. The intelligent energy-saving controller serie Spirit has got exchangeable design panels which can choose by your individual flavour as well as to your interior design. Especially in the rooms of the kids flashy colors are welcome. The three different colors (light-pink, blue-sea, modern-brown) are available in a 3er-Set and can optically revalued a simple heating. The mounting is very easy and works without any tools because you can click the panels on the thermostat.
