Product Description

WDBMUT0060JWT-EESN - NAS My Cloud Home Duo 6TB EMEA

My Cloud Home Duo is an easy-to-use, dual-drive personal storage device that plugs directly into your Wi-Fi router at home so you can save all your digital content in one central place. With two drives set to Mirror Mode, your content is automatically saved twice.

One central place to store and organize everything

With enough space to keep all your photos, videos and files in one place at home, organize it all your way and access from anywhere with an internet connection.

Quick and simple setup

Just plug your My Cloud Home Duo device into your Wi-Fi router. Use your mobile device to visit MyCloud.com/hello to set up your account and start backing up, accessing and sharing. No computer necessary and no monthly fee required!

Everything saved twice with Mirror Mode

Equipped with two hard drives and set to Mirror Mode (RAID 1), your photos, videos and files are stored on one drive and automatically duplicated onto the second drive.

Mobile, on-the-go access

Use the My Cloud Home mobile app, desktop app or MyCloud.com to upload, access and share your favorite memories and stream videos saved on your My Cloud Home Duo device.

Auto backup for photos and videos on your phone

Automatically back up photos and videos on your phone to the My Cloud Home Duo device so you can make room for more.

USB port to import photos and videos from external devices

Quickly import photos and videos from other devices scattered around your house, like USB flash drives and external hard drives, using the USB port on the back of the My Cloud Home Duo device.

File search to find content easily

Quickly find photos, videos, movies and docs using easy-to-use search with the My Cloud Home mobile or desktop app, or on MyCloud.com.
