**60238 - Standoff M2.5 x M3, hexagon, outside / outside, 42 mm natural 4 pcs**

from **3,28 EUR**

Item no.: 341254  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

Standoff M2.5 x M3, hexagon, outside / outside, 42 mm natural 4 pcs

These standoff spacers by Delock with different thread sizes can be used for secure mounting of PCBs to create a fixed distance between a printed circuit board and other components.

By separating the PCBs from other components, the spacers allow a better ventilation and offer an optimal resistance to high temperatures, e.g. inside of a PC case.

- Length: ca. 42 mm
- Thread size: M2.5 x M3
- Thread type: outside / outside
- Thread length: 6 mm
- Spanner width: 6 mm
- Shape: hexagon
- Fire-resistance rating: 94V-2
- Material: plastic
- Colour: natural
- Package content: 4 x standoff
