### Product Description

Standoff M4 x M4, hexagon, inside / outside, 20 mm natural 4 pcs

These standoff spacers by Delock with different thread sizes can be used for secure mounting of PCBs to create a fixed distance between a printed circuit board and other components.

By separating the PCBs from other components, the spacers allow a better ventilation and offer an optimal resistance to high temperatures, e.g. inside of a PC case.

- Length: ca. 20 mm
- Thread size: M4 x M4
- Thread type: inside / outside
- Thread length: inside: 10 mm, outside: 8 mm
- Spanner width: 7 mm
- Shape: hexagon
- Fire-resistance rating: 94V-2
- Material: plastic
- Colour: natural
- Package content: 4 x standoff
