Product Description

B10 - Smart Multi-Use Wristband

Quick & simple! Minew's multi-use wristband B10 is designed for priorities, whose caregiver can track the movement and status of the wearer, and assistance can be provided when necessary. Users can call for help by pressing the panic button in emergencies. B10 is user friendly thanks to the built-in vibrating motor and magnetic suction charging. And NFC is available for security access control or daily check-in.
