shipping weight: 0.10 kg
Manufacturer: Panorama Antennas

Product Description

KF-BC-B3-L - AM/FM + DAB Whip Antenna

The KF-BC-B3-L is a multiband Sportflex style antenna whip for use with broadcast radio. The antenna covers the AM & FM bands plus DAB VHF and L bands and is suitable for use with Panorama Sharkee style bases.

Use of this whip, along with the DPXA-BC-DAB active splitter is an ideal solution where a Sharkee antenna replaces the original broadcast antenna as part of a single hole discrete installation.

Application Frequency

- VHF frequency band: FM (87.5-108 MHz); DAB band 3 (174-240 MHz)
- UHF frequency band: DAB L band (1452-1492 MHz)

Electrical Data

- Peak gain (dBi): 2 dBi

Mechanical Data

- Color: Black
- Operating temperature: -40°C/+80°C

Mounting Data

- Whip mounting: M6x0.75
