### Product Description

Heat Shrink tube X-pattern non-slip 1 m x 50 mm yellow

This heat shrink tubing by Delock is used for a variety of objects that require a non-slip grip, e.g. B. in tools, fitness equipment, tennis rackets or fishing rods. When exposed to heat, the hose completely encloses the handle and contracts. This protects the handle from the weather and mechanical damage.

The heat shrink tubing can be heated with a heat gun, the tubing shrinks to half of its original diameter at a shrink rate of 2: 1 when heated.
